# Raid Projects

- > Raid Projects is an artist-run, curatorial
- > organization dedicated to promoting an exchange of
- > cultural discussion through the exhibition of
- > contemporary art on a regional, national and
- > international basis by emerging and established
- > artists. Raid Projects host 12 projects per year in
- > the permanent gallery in Los Angeles and between 4-6
- > per year in external alternative, commercial and
- > institutional spaces, both here in LA and abroad.
- > These projects encompass all areas of contemporary
- > practice, from painting and sculpture to film, new
- > media, digital and performance art.
- >
- > We also run an International Artist-In-Residence
- > Programme on-site which hosts an artist from abroad
- > for 3 months, 4 times per year.
- > Raid Projects has been in existence for three years
- > and during that time has focused largely on
- > including artists from around the world in its
- > exhibition programme. Thanks to funding from
- > consulates, business and individuals it has maintained
- > a heavy schedule of contemporary exhibitions which are
- > open to the public free of charge. Raid Projects is
- > located in downtown Los Angeles at The Brewery, the
- > largest arts colony in the world.
- >
- > So far this year we have shown artists from Britain,
- > Sweden, France, Italy, Spain, Mexico, Japan, Holland,
- > Germany, Australia and many other countries. We have
- > started to advance this mission via shows hosted in
- > other countries, comprised largely of LA artists,
- > curated by Raid Projects and we are always open to
- > discussions concerning the possibility of exchanges.
