- >rum46 is a publicly funded contemporary artspace. The artspace
- >program focuses on contemporary visual arts practises, with emphasis
- >on conceptual works, installation practises, performances, film /
- >video, multimedia / new media / internet and interdisciplinary works
- >thereby providing an alternative to the traditional artinstitutions.
- >It encourages a critical consideration of the wide range of
- >contemporary visual cultural practises.
- >Throughout the last year rum46 has been working on a project called
- >Feast / Hospitality. The project took place in the center of the
- >city of Århus and was based in the urban, social and political
- >space. Feast/hospitality is the overlaying metaphor for the
- >structure of the exhibition project, which was divided into the
- >three phases of the Feast: The invitation, the meal and the thank
- >you card. Our goal is to create a debate and focus on hospitality
- >through artistic happenings, works and reflections. The project
- >started in December 2002 and will end in november 2003.
- >The artspace is run by young artists from The Academy of Fine Arts
- >of Jutland and students and graduates from The Institute of History
- >of Art and The Center for Interdisciplinary Aesthetic Studies,
- >University of Aarhus.
